webex by CISCO

The Webex® Desk Mini is a portable all-in-one collaboration device that enables you to make any space an office. Easily turn your dining room or any small space into a productive workspace.

The Webex Desk Mini is designed with an integrated handle which makes it easy to move around from one room to another. It also comes equipped with privacy features such as noise removal, video backgrounds and easy access to in-meeting controls – so you can always show up and look professional in meetings even from your kitchen or living room.

Providing everything you need to work; with its USB-C connection you can double up your screen real estate, interact with any laptop content and applications as well as join any conference app running on your laptop. It's the perfect work companion to your laptop with a 64-degree, 8 MP camera, intelligent microphonearray for focused sound pickup and powerful speaker system you get a high-quality video and audio experience every time.

Webex Desk Mini is an all-in-one collaboration device optimized to serve your needs to meet, work and ideate. It's a versatile, compact and affordable device, designed to be your hybrid and remote work companion.

Meet, work, and co-create

Webex Desk Mini allows you to make any space an office with the same all-in-one benefits as Webex Desk and Webex Desk Pro but with the added value of portability. With its 15-inch touch display and small footprint, the Desk Mini is a perfect work companion to your laptop at any desk or temporary work space – whether you're working from the dining room table or your cabin all you need to get started is power.

Work from any space

With an integrated handle for carrying, small footprint and elevated display Desk Mini makes any space your instant office. It's the perfect work companion to your laptop. Simply connect via USB-C to your laptop or work with a wireless connection to the Webex app to create a compact desk space.

Join any meeting

Connect natively from the device with WebRTC, VIMT, or join any meeting from third-party meeting providers through USB-C leveraging the camera, speaker, and microphone.

Seamless ideation

Ideate with native digital whiteboarding tools including features like stickies, shapes, and content annotation – or download your own favorite web apps. Make brainstorming, design, and collaboration easy, whether in person or in a meeting. Drawing on the Desk Mini works with your finger or uses the same stylus as the Webex Desk and Desk Pro.

Remote workers wellbeing

Increase productivity with a video first experience – benefit from proactive meeting notifications, one button to join meetings, easy accessible meeting and privacy controls. Ensure employee health with the ergonomically heightened camera and display for a healthy working position and natural face to face interaction.

Table 1. Features and benefits

FEATURE	BENEFIT
Software compatibility	• Room OS 10 or later
Default components in Webex Desk Mini	• Cisco Webex Desk Mini • USB-C cable
